

# Contempt

## Stand United

Before my eyes lies nothing but lies  
I cannot believe the scenes  
Taking place beneath our skiesIt makes me wanna do my time  
In a song or on the silver screen  
Humanity is the biggest cancer ever to be seenBefore my eyes lies civilization  
Ancient and wicked  
Destruction in creationNo matter how low you are  
There's always someone to look down upon  
And it goes fucking on and onEmotionless obscene  
But a human life don't mean anything to me  
It's merely a seed of insanityEmotionless obscene  
But a human life don't mean anything to me  
It's merely a seed of insanity
