

# Tennessee River Run

## Darryl Worley

Worked all week, got it all done  
Let's make a Tennessee River run Hey everybody, I think the time is right  
    Let's get together down where the catfish bite  
    Cooped up all winter waitin' on a day like this  
    It's the way I feel when I'm rockin' on the water  
Baby, that I can't resist Barbecue grill, summertime jam  
    Just about a mile above the Pickwick dam  
    Party on the water, whole lotta fun  
Time to make a Tennessee River run I'll get my bass boat, crank up your party barge  
    We'll drop these anchors out where the big boats are  
    Break out a cooler, pass out some ice cold beer  
    Look at all the people out here on the water  
Man, I can't believe we're here Swingin' on a rope, gonna have a ball  
    Jumpin' off the yellow creek waterfall  
    Checking out the honeys baking in the sun  
God bless a Tennessee River run Oh, what a weekend, we've had some time to play  
    I should be leavin', tomorrow's a work week day  
    I just might call in, tell 'em that I can't get home  
    Does anybody else want to stay a little longer  
    Or am I gonna be alone? Floatin' on a tube, gonna weigh a ton  
    Cajun sausage on a hot dog bun Barbecue grill, summertime jam  
    Just about a mile above the Pickwick dam  
    Party on the water, whole lot of fun  
Gotta have the Tennessee River run Nothing like a Tennessee River run  
    I love a Tennessee river run  
    Whoop up a Tennessee River run
