Simple Girl

Dale Earnhardt Jr. Jr.

She's a simple girl
She's governed by simple pleasures
She won't ever let you meet her family
But she'll show you picturesShe's a simple girl
And she's got simple emotions
She won't ever let you in
But she wants to keep you in her cornerI'm always looking for some kind of sadness
Something more than thisShe's a simple girl
And she's got simple feelings
No one ever let her know
That she could get it out her heart now
