Milk and Honey

Stampead

I see how it is yeah
uppercut slide to the left jab
ducking on a sucker punch
I got me a band aid
I?m better, I?m better
milk and honey

I?m gonna get my belly full
smoke through the pain
doctors got my medicine
I?m better, I?m better
milk and Honey

I burned my thumb getting numb
damn these matches
these people are kind a funny
talking sweet and silly
while she?s cooking me breakfast
oh, Milk and Honey

I see how it is yeah
uppercut slide to the left jab
ducking on a sucker punch
I can cook my own damn breakfast
and lick my lips
umm, milk and honey

all day long
all day long
milk and honey
