We Got Something

Tinted Windows

I believe in you and me
You know this is the way it's meant to be
We got something
Yeah we got somethingI believe in me and you
We know just what to say and what to do
We got something
Yeah we got somethingBeen so long
But I don't mind
We've got love so strong
It blows my mind
It's a waste of time
T-trying something new
Ooh ooh ooh oohI believe there's no one else
That can touch us when we're by ourselves
We got something
Yeah we got something
We gotI believe it's plain to see
I depend on the way you're depending on me
We got something
Yeah we got somethingI believe you sure can tell
It's a strange combination that's working out well
We got something
Yeah we got somethingIt's been so long
But I don't mind
We've got love so strong
It blows my mind
It's a waste of time
T-trying something new
Ooh ooh ooh oohI believe in you and me
You know this is the way it's got to be
We got something
Yeah we got something
We got something
Yeah we got something
We got something
Yeah we got something
We got
We got
We got

We got something
