Droopy Skit

Spice 1

May twenty-second two-thousand-and-five was the day
Promise to you babygirl, my feelings stayin this way
Never wanna hurt you, never will I leave you alone
Everytime I'm by your side is when I'm really at home
Always and forever, that's the pinky promise we made
You're the reason why I'm smiling every start of the day
And I hope you know I mean it everytime that I say
I love you always and forever, it'll always be the same
Through all the joy and pain, I wanna be there for you
Crying everytime you cry and sharin' laughter with you
When I look up to your eyes, I know when love is really true
Ain't nothing I won't do if I can see my baby smile
Remember, you can call me anytime you're feeling down
No girl could take your place and love me like the way you do
So ima hold on tight because I need you by my side
It's me and you forever, babe, I need you in my life
We were created to find each other
Our fate written down for us to love forever
Our hands locking tight as I look into the eyes
Of that one special person who would complete my life
You were the one I chose out of all the rest
The one who I would cherish and I'll put in all my best
Just to stay in your arms as you hold me tight
Cuhz baby, being with you just feels so rightEvery single second that I live, I'm thinkin' of you
How we met was destiny, our love is honest and true
Tell me what am I supposed to do if I ain't got you here
I wanna be the one that's by your side through the years
Wanna be the one who's gonna fight away all your tears
Replacin' it with happiness and take away all your fears
One day we're gonna look at our pictures and reminise
Crazy all the things you do to me with just a little kiss
I wouldn't trade you for the world, you're all that I need
You're the only girl that ever got me feelin' so free
And I love you, with all my heart and soul till I die
I truly need you, baby you're the light in my life
And I know it that one day for sure you're gonna be my wife
Just hold on tight because I'm always gonna treat you right
My baby and my closest friend, I love you baby girl
Until the day I die, I'll try to give you the world

We were created to find each other
Our fate written down for us to love forever
Our hands locking tight as I look into the eyes
Of that one special person who would complete my life
You were the one I chose out of all the rest
The one who I would cherish and I'll put in all my best
Just to stay in your arms as you hold me tight
Cuhz baby, being with you just feels so rightIf loving you is wrong, then I don't wanna be right
Can't imagine what this life would be without you by my side
The day we met, I can't explain the way that I felt
Feeling all of these emotions that I can't even help
If I didn't meet you, there would be no smile on my face
You doin' everything to me to make my heartbeat to race
Every little thing we do is just so special to me
We are meant to be, that's something that I truly agree
And I know it's fate and destiny, I see it in your eyes
Everytime you smile, I can't explain the feeling inside
Always gonna treat you good, exactly like the first day
Just promise to me, baby, that you'll never go away (more)
