Vancouver Shakedown

Nazareth

We only came here to play rock 'n' roll
Share some times with some people we know
Drink some wine, give us some timeWe ain't no wise boys we ain't no fools
We tried to play clean and keep to the rules
We take and we give, just playin' our gigBut we got laid over, ya we was done over
Somebody tell us, what's goin' down
Don't need another, Vancouver shakedownSix miles high, six miles along
Chasin' the sun, we've come to sing you a song
Deliver our goods, we're just rock 'n' roll dudesAll these behind us, and one more to go
Fly to Vancouver, to do the last show
It's got to be good, like we know that it shouldBut we got laid over, ya we was done over
Somebody tell us, what's goin' down
Don't need another, Vancouver shakedownVancouver shakedown
Vancouver shakedownWe only came here to play rock 'n' roll
Share some times with some people we know
Drink some wine, give us some timeBut we got laid over, ya we was done over
Somebody tell us, what's goin' down
Don't need another, Vancouver shakedownVancouver shakedown
Vancouver shakedown
Vancouver shakedown
