

# Siberia (Alex Klingle remix)

## Lights

From the busy parks to the icy tides  
Some day we'll decide  
Where we want to live out our lives  
Form out into sparks tumbling along  
Keeping the heat on

Even though summer's coming I would sail across the east sea  
Just to see you on the far side  
Where the wind is cold and angry  
There you'll be to take me inside  
We'll find ways to fill the empty  
Far from all the hysteria  
I don't care if we suddenly

Find ourselves in Siberia, SiberiaInside a street car or on a mountain trail  
Details, details, you breathe in when I exhale  
No matter where we are  
Or which way the wind blows  
Or how heavy the snow

Nothing can change where we will goI would sail across the east sea  
Just to see you on the far side  
Where the wind is cold and angry  
There you'll be to take me inside  
We'll find ways to fill the empty  
Far from all the hysteria  
I don't care if we suddenly

Find ourselves in Siberia, SiberiaSiberia  
Siberia  
Siberia

SiberiaI would sail across the east sea  
Just to see you on the far side  
Where the wind is cold and angry  
There you'll be to take me inside  
We'll find ways to fill the empty  
Far from all the hysteria  
I don't care if we suddenly

Find ourselves in Siberia, Siberia
