# Good Enough

## Lifehouse

It seems the more we talk
The less I have to say
Let's put our differences aside
I wanted to make you proud
But I just got in your way
I found a place that I can hideNow everything is changing
But I still feel the same
Are we running out of timeWhat do I have to do
To try and make you see
That this is who I am
And it's all that I can beI tried to find myself
Looking inside your eyes
You were all that I wanted to be
There must be something else
Behind all the lies
That you wanted me to believeNow everyone is saying
That I should find a way
To leave It all behindWhat do I have to do
To try and make you see
That this is who I am
And It's all that I can beWhat do I have to do
To try and make you see
Trying to be like you
Isn't good enough for meAnd I won't let you go
And I won't let you down
I won't give you up
Don't you give up on me nowWhat do I have to do
To try and make you see
That this is who I am
And It's all that I can beWhat do I have to do
To try and make you see
Trying to be like you
Isn't good enough for me
