Omg

TGT

It all started with a drink then a bottle
Then off with your short skirt, panties followed
Watching you walk to the bed like a maddow
Got me feeling like I just hit the lotto
It's just me and you, what you wanna do
You talking right, but
Are you really shy? She's the type with a sign
That all I can sayYou got me saying oh, my God
OMG, OMG
It feel so good to me
OMG, OMG
Got me thinking I'm in heaven
Pass the umbrella 'cause your love, raining down, got me soaking wet
Feels like we swimming in this bed
Oh, my God, she deserves a round of applause for this
'Cause every time I'm in this it's
Oh, my GodAnd my legs feeling weak, seeing double
Can't tell if it's the sex or Moscato
But I must say I'm impressed, kudos
Wondering what we doing next, you know
You got me on that last front
But when them bells ring I'm not playing 'round
It's going down and all I can say isYou got me saying oh, my God
OMG, OMG
It feel so good to me
OMG, OMG
Got me thinking I'm in heaven
Pass the umbrella 'cause your love, raining down, got me soaking wet
Feels like we swimming in this bed
Oh, my God, she deserves a round of applause for this
'Cause every time I'm in this it's
Oh, my GodSo good I gotta break it down, down, down
I'm a take my time so I can end up in that bed
Girl, don't move, don't make a sound, sound, sound
You got me in it, wanna scream your fucking name
Girl, you showing off, look at you work that
And I'm all about giving that work back
I told you I'm a beast, but what you did to me got me singingYou got me saying oh, my God
OMG, OMG

It feel so good to me
OMG, OMG
Got me thinking I'm in heaven
Pass the umbrella 'cause your love, raining down, got me soaking wet
Feels like we swimming in this bed
Oh, my God, she deserves a round of applause for this
'Cause every time I'm in this it's
Oh, my God
