

# Almost Famous

## Alcazar

Hey there yes it's me, that guy from TV  
Surely you have seen my daily show  
Don't be shy I'm used to be noticed  
For guys like me there's just one way to go  
Get it on 'cause I'm more than ready  
It's time to start the show  
So look at me  
'Cause I'm almost famous  
I was born to be a superstar one day  
Look at me  
'Cause I'm almost famous  
And I'll do anything to make things go my way  
Hey now did I see you here last Sunday?  
I'm the guy who brought you that moët  
Partied all night long 'til early Monday  
Yes I know I'm certain that we've met  
Heading out for my fifteen minutes  
It's time to start the show  
So look at me  
'Cause I'm almost famous  
I was born to be a superstar one day  
Look at me  
'Cause I'm almost famous  
And I'll do anything to make things go my way  
Everybody's watching  
Gonna rise to the top now  
I'll be a superstar one day  
Everybody's watching  
Gonna give it all I got now  
And I will make things go my way
