

Let It Curl

Rie fu

Roses on your cheek making rainbows with your feet
Remember counting sheep with me?
Diamonds on your teeth hiding wicked roots beneath
Every scent you breathe, so free...Let it curl, let it curl,
Let it shine on like a pearl
Let it curl like the shy tunes of a little girl...
Show your world to meRing upon your hair as to color, skirt, and flares
Everywhere you go, you be
You surely got your style, playing music with your smile
But everyone admires is she...Let it curl, let it curl,
Let it shine on like a pearl
Let it curl like the shy tunes of a little girl...
Show your world to meMany times namida nagashite mo
Sono tabi ni atarashii watashi
Mitsuke nareru you're a beautiful girlOh...Let it shine on girl
Oh...Let it shine on girlMe ni mo kanganai de omoi kiri waratte
Hora ichiban utsukushiiLet it curl, let it curl,
Let it shine on like a pearl
Let it curl, let it curl,
Let it dance in happy swirls
Let it curl, Let it curl,
Let it shine on like a pearl
Let it curl like the shy tunes of a little girl...
Show your world to me
