She Like to Do It

Dave Love

Couple shots of the henny got me feelin alright (alright, alright)
I'm fly divin' yeah I'm on another flight (alright, alright)
Me and the circle just smile at the shorties we like(aright, alright)
Start it with me could end in one hell of a night(alright,alright)

Go girl it's yo world I love to see how you gather a crowd
Shake sum shake sum now I will not stand for you shooting me down(down,down)
Girls wanna have fun I see that is true
Since we tellin' the truth all I want is you

I'm in the the club
I'll be in here til it close
My sections are lit
We drinkin' you know how it goes

Shawty said she like to dance
Well sure she can do that for me
Oh yeah she wavy both hands on her knees

She look like a freak cuz she like to do it
She like to do it(Ã—3)
Okay okay she came here to play cuz she like to do it
She like to do it(Ã—3)
She put on her show she dun got low cuz she like to do it

Shout out all them slim girls who be movin' they body that shit is amazin'
Mad love to the thick girls we already know that that shit can get crazy

Yeah you the coldest Lil mama
You the one that's holdin' me mama
You the one that put the frown on every face of all these hatin hoes in here mama

I know it I know it I know it(I know it, I know it)
You know that I see you
The envy is obvious you got the juice
And they just wanna be you
But nobody beats you no that shit don't get to you
I'm tryna get to you find out what interests you
Maybe be a friend to you

Maybe get into you

While I'm in the the club
I'll be in here til it close
My sections are lit
We drinkin' you know how it goes

Shawty said she like to dance
Well sure she can do that for me
Oh yeah she wavy both hands on her knees

She look like a freak cuz she like to do it
She like to do it(Ã—3)
Okay okay she came here to play cuz she like to do it
She like to do it(Ã—3)
She put on her show she dun got low cuz she like to do it

She dun got low cuz she like to do it
She came here to play cuz she like to do it
She like to do it

Attention's on her then be the one that I prefer
Don't care where she at she'll have a ball
I take her home take care of it all

But for now I'm in the club
I'll be in here til it close
My sections are lit
We drinkin' you know how it goes

Shawty said she like to dance
Well sure she can do that for me
Oh yeah she wavy both hands on her knees

She look like a freak cuz' she like to do it
She like to do it(Ã—3)
Okay okay she came here to play cuz she like to do it
She like to do it(Ã—3)
She put on her show she dun got low cuz she like to do it
