

# Everything Taboo

## Taboo Cast

LEIGH AND FULL COMPANY FREAKS

Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo  
Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo LEIGH

Welcome to the world of Taboo...  
the club that everybody wants to be a part of...

Come in... and come out... now  
You got it wrong, you got it right  
You got a lot to learn  
Oh you're so nervous and so uptight  
I think I like it

Ooh, I think I love it... ENSEMBLE  
Dancing freaks and sycophants  
Westwood heels and shoulder pads  
Strike a pose and get it right  
You'll be queen tonight

Tonight  
Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo  
Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo LEIGH

You got it wrong, you got it right  
You got a lot to learn  
Oh you're so nervous and so uptight  
I think I like it

Ooh, I think I love it... ENSEMBLE  
Dancing freaks and sycophants  
Westwood heels and shoulder pads

Strike a pose and get it right  
You'll be queen tonight  
Tonight, tonight...

Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo  
Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo  
Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo  
Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo  
Everything, everything Taboo...LEIGH AND ENSEMBLE  
Two fierce drag queens go round the outside  
Round the outside, round the outside  
Two fierce drag queens go round the outside  
And in stilettos.  
Two fierce drag queens go round the outside  
Round the outside, round the outside  
Two fierce drag queens go round the outside  
And in stilettos.  
Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo  
Tell me what you fear  
I'll show you what to do  
We don't do sincere  
Everything taboo
