

Empty Cup

Supermassive

And you said,
Iâ€™m unfulfilled and Iâ€™m feelin blue
Iâ€™m like an empty cup,
and I said,
I can do what nothin else can do,
I can fill you up, uh huh,
there ainâ€™t one way, uh uh,
Iâ€™m here to stay, and be your little pup, uh huh,
cuz I need you like a dog needs food,
Iâ€™m wanna eat you up, uh huh

Whoa oh oh I see you now
Whoa oh oh I need you now
Whoa oh oh I see you now
Whoa oh oh I need you now

Come on over,
I need you now,
Come on over,
Can I?

Honestly, I leave my heart hanging on my sleeve,
And on the fence a lot, uh huh,
Iâ€™m so confused with a birdâ€™s eye view,
I drop to snatch you up, uh huh,
So many ways, uh huh, to fill our day,
Iâ€™ll let you dress me up, uh huh,
One look at you and I see the truth,
Iâ€™m gonna fill you up, uh huh

Whoa oh oh I see you now
Whoa oh oh I need you now
Whoa oh oh I see you now
Whoa oh oh I need you now

Come on over,
I need you now,
Come on over,
Can I?

I need you now,
Come on over,
I need you now,
Come on over,
I need you now

Uh huh, whoa oh oh I see you now
Whoa oh oh I need you now
Whoa oh oh I see you now
Whoa oh oh I need you now

Donâ€™t go, but donâ€™t stay, (don't go baby)
You canâ€™t go, but you canâ€™t stay (don't go lady)
Donâ€™t go, away, (I'm nowhere ready)
Donâ€™t go, but you canâ€™t stay
