Leaving You (feat. Jasmine Poole)

YONAS

That's Why I'm Leaving You
She's got everything that
She could ever need
Champagne sipping like
She's out of my fantasy
High on money and love
It just don't mean a thing
That's why I'm leaving...
That's why I'm leaving you
Yo, now everybody knows
That this girl is famous for her stunts
She never waits in line at
The club but she always gets the jump
Instead of having a social life
She relies on the other side of her parts
Party all night, fall asleep, breakfast wasted,
Just to wake up way past lunch
I hate what she does
But I love how she does it
Keep going round like a bad piece of a luggage,
When I say bad piece of luggage I mean pretty piece of luggage, but it's pretty till you got lucky
Yeah, With the wrong girl, at the right time, I'm just gonna let the light shine
Cause yeah she's fine like Blake Lively
But I could never make her wifey, naah
She's got everything that she could ever need
Champagne sipping like
She's out of my fantasy
High on money and love,
It just don't mean a thing
That's why I'm leaving, that's why I'm leaving youNow every man hopes to find the one chick that he loves,
And the problem with me is that I used to try find magic in a glove
And I never call a woman no bitch,
But the situation is, that after a couple of shots I tend to speak in expertise
I'm guilty living my life, loving all the wrong places,
And I'm guilty at giving my heart to the girls that only have the right faces,
And the right hips, and the right waist, and the right bag, with the right bracelet
Cause yeah she's fine like Blake Liverly but I could never make her wifey, nah
She's got everything that she could ever need
Champagne sipping like

She's out of my fantasy
High on money and love,
It just don't mean a thing
That's why I'm leaving, that's why I'm leaving youNever never never met nobody nobody like you
That ain't no compliment, That's the truth
You're nothing but a cold heart covered in gold
That's why that's why that's why
That's why I'm leaving youShe's got everything that she could ever need
Champagne sipping like
She's out of my fantasy
High on money and love,
It just don't mean a thing
That's why I'm leaving, that's why I'm leaving you
