

Faded (extended Version)

Soul Decision

When I get you all alone
I'm gonna move in nice and close
Ain't nobody gonna interrupt my game
Oh, no, no
Ever since you've been hanging around
I've been trying to figure out
What I can say to you to get some play, yeah
Can we do, what we did last night again
Baby, you and I'd be better friends
Don't you think it's time we went a bit further?
Oh yeah, yeah
Every night when we say goodbye
I can't help looking in your eyes
Wondering why you and I haven't hit it
Can we get it on?
I'm kinda faded but I feel alright
Thinking about making my move tonight
I can't pretend that you're only my friend
When you're holdin' my body tight
'Cause I like the way you're making your move
I like the way you're making me wait
At the end of the night when I make up your mind
You'll be coming on home with me, yeah, yeah, yeah
You know you got it
And you know I want it
I can't wait to take you home
(You know you got it and I)
I don't want to be rude at all
I just want to be where you go
Think what we could do alone, yeah, yeah
Can we do, what we did last night again?
Baby, you and I'd be better friends
Don't you think it's time we went a bit further?
Oh, yeah
Every night when we say goodbye
How can I help looking in your eyes
Wondering why, you and I haven't hit it
Can we get it on?
I'm kinda faded but I feel alright

Thinking about making my move tonight
I can't pretend that you're only my friend
When you're holding my body tight
'Cause I like the way you're making your move
I like the way you're making me wait
At the end of the night when I make up your mind
You'll be coming on home with me
Uh, uh , when we first met, yo that deal was stated
You stepped like my steez, the way we compensated
Just another day around the way
With me up close and everything okay
'Cause I'm not like the rest, indecision with the best
Thoughts for my full court press
Because they hated
How's it go? Hah, yo faded
I'm kinda faded but I feel alright
Thinking about making my move tonight
I can't pretend that you're only my friend
When you're holdin' my body tight
'Cause I like the way you're making your move
I like the way you're making me wait
At the end of the night when I make up your mind
You'll be coming on home with me, yeah, yeah, yeah
I'm kinda faded but I feel alright
Thinking about making my move tonight
I can't pretend that you're only my friend
When you're holding my body tight
'Cause I like the way you're making your move
I like the way you're making me wait
At the end of the night when I make up your mind
You'll be coming on home with me, yeah, yeah, yeah
I'm kinda faded but I feel alright
Thinking about making my move tonight
I can't pretend that you're only my friend
When you're holding my body tight
'Cause I like the way you're making your move
I like the way you're making me wait
At the end of the night when I make up your mind
You'll be coming on home with me, yeah, yeah, yeah
