

# Get Down To It

## Humble Pie

I love you babe  
Do you know?  
I'll be any place  
You want me to go  
Save my love for you  
Yes i will  
When you need love to help you  
Do not fear  
Sweet sweet baby  
I've found a nurse  
I know i can girl  
You be my trust  
Ooh ee baby  
Ooh ee  
Get down and do those things you do to me  
You're alright  
Oh! yer!  
All the time since  
You left your spell on me  
Your lovin' set my soul on fire  
Your love is my one desire  
Ooh ee baby  
Ooh ee  
Get down and do those things you do to me  
Yer! yer!  
Like didn't i say the rest girl?  
Always tryin' to do  
Your best girl  
I love you girl  
Do you know?  
I'll be any place  
Anytime you want me to go  
Ooh ee baby  
Ooh ee  
Get down and do those things you do to me  
Get on down  
Ooh ee baby  
Get on down
