

# Sure Shot

## The O.C. Supertones

I wanna do the right thing  
I wanna be the sure shot  
I wanna have my mind straight  
I wanna have my point got I wanna be a good man  
I wanna have my act down  
I wanna be the future  
And I wanna be right now Sometimes I feel  
Like I can change the world  
But I don't know where to start  
I dig and come up empty  
Clutching an empty heart I wanna see a life change  
I wanna see a new man  
I wanna fight the good fight  
I wanna take the right stand I wanna be like Jesus  
I wanna pour my heart out  
I wanna pick my cross up  
I wanna hear the mob shout I'm wide awake  
And thinking about the cross  
The Trinity apart  
I dig and come up empty  
Clutching an empty heart
