

We Go Where Ever We Want (feat. Ne-Yo & Raekwon)

French Montana

Yeah,
It's time for the smoke and mirrors to come down
Niggas be talkin' it
But they don't be livin' that shit
A whole lotta deception goin' on it the world
It's Original Bad Boy Gang, nigga
Check this out
Click, clack
Bang, bangDiamond Range Rover
Chains like a dope dealer
Fourth quarter player
Three quarter chinchilla
Gold chains, golden boy
Front row sitter
Niggas buyin' cars, we buy the whole dealer
We buy the whole plane
While them hoes playin' with 'em
100 chains, all the bad hoes came with us
Shawty held me down when the people on me
Ghostface, right hand, eagle on it
My brother keeper, with the mother load
And I ain't fuckin' undercover with them cover hoes
Talkin' 100 chains on, cold dealer
Montana, write your name on the smoke and mirrorsIf the money ain't the issue I
I don't subscribe
If the money ain't the reason
Well then the question is why
Get money with my people
Then we never divide
It's for the love and the money
Make her love stay real
And the money multiply
Them niggas can't go where we go
And they ain't gettin' dough like we do
Them niggas can't smoke like we smoke
Them niggas can't go where we go
'Cause we go wherever we wantI skip prayers just to make money
I hope God forgive me, man
I was hungry

I'm tryin' clear my thoughts in the Cleaport
 Apple red Porsche, army guns, air force
 Tryna count bills in the sunny hills
 Balenciagas, make more than doctors
 My crib bigger than your school, nigga
 I'm just skiing in the pool, nigga
 10 mil just to settle, nigga
 Dead-ass like ?, nigga
 I done started from the block, boy
 Now me and Ne-Yo on the top, boy If the money ain't the issue I
 I don't subscribe
 If the money ain't the reason
 Well then the question is why
 Get money with my people
 Then we never divide
 It's for the love and the money
 Make her love stay real
 And the money multiply
 Them niggas can't go where we go
 And they ain't gettin' dough like we do
 Them niggas can't smoke like we smoke
 Them niggas can't go where we go
 'Cause we go wherever we want Ayo, that's me kid
 Words produce
 Harry Winston under the goose
 Half moon, the wave's exclusive
 Catch me uptown shopping in a ?
 Watch cost 1.5, I got the blue shit
 Everybody love me
 His texture's automatic money
 Independent drug game dummy
 Gettin' his, raisin' kids
 These are big boy scholars
 Flash money like Floyd
 Got the big gold wallet
 Roll out, it's 40 of us frontin' a bus
 That's the new stretch bubble
 Pipe the color of crust
 Gettin' high, chillin' fly, yellin' multi
 Now I'm in hard bottoms
 Larry King, suspenders and bow tie If the money ain't the issue I
 I don't subscribe
 If the money ain't the reason
 Well then the question is why
 Get money with my people

Then we never divide
It's for the love and the money
Make her love stay real
And the money multiply
Them niggas can't go where we go
And they ain't gettin' dough like we do
Them niggas can't smoke like we smoke
Them niggas can't go where we go
'Cause we go wherever we want
