

# Slow Down (feat. Wiz Khalifa)

## Berner

I be hella loaded when I grab the wheel  
I ain't sippin' on lean 'less I crack the seal  
2 dirty cups and a half a pill  
Smoke 2 joints, count a half a mil  
Got me askin' lil mama if the ass is real  
I be deep in her pussy, bet her man can tell  
And I ain't trippin' off him, I'm tryna' have fun  
Bought more land, put plants in the sun  
Brand new J's on my feet and I  
I pray the drugs numb the pain of the shit we saw  
And if I go young, it's prolly my fault  
As least I got 2 or 3 mil in the wall  
Thought small but we coulda went big  
Play around with the Bern, put a hole in your wig  
Got a bag full of cash and a whole load of flip  
I'm talkin' in code on my phone as it click  
No love, no it ain't no love  
Ain't down with the gang, no, then it ain't no love  
No love, no it ain't no love  
Ain't down with the gang, no, then it ain't no love I be hella loaded when I try to sleep  
Thinkin' 'bout my mom, made me wipe my cheek  
The drought came around, it's been dry for weeks  
And if you need work, then the price ain't cheap  
I been gettin' down, '96 was great  
And I was only 13 on a plane with grapes  
All in Arizona tryna get my cash  
Mom caught me slippin', had to whoop my ass  
Lil young motherfucker with lots of doe  
I was only 19 in the club on blow  
When we hit the nightclub, we don't tuck our gold  
21, high head, better cuff your hoe  
32, 20Ms on my way to a B  
Why we get hood rich and still playin' the street  
It's the life we chose and I can't let go  
Cookie, smell-proof bag with the fresh cut smoke  
No love, no it ain't no love  
Ain't down with the gang, no, then it ain't no love  
No love, no it ain't no love  
Ain't down with the gang, no, then it ain't no love I be high as fuck on a pound of weed

Rollin' KK, no it ain't no seeds  
Do anythin' to see my gang succeed  
Damn, my son 3 years old, he been changin' me  
New rides so it's plain to see  
I be gettin' paid, nigga faithfully  
If niggas go broke, they put the blame on me  
That's why I grind everyday and tryna stay low key  
Cleaned up, ain't a stain on me  
Ridin' in my ride, bumping lean on me  
Bern here so it's all B on me  
And I'm gang gang so the police on me  
Ain't nothin' that we ain't gon' do  
Shame on me, nigga shame on you  
Been around the world, you could go there too  
And if you got girlfriends, you can bring 'em through  
I'm like damn No love, no it ain't no love  
Ain't down with the gang, no, then it ain't no love  
No love, no it ain't no love  
Ain't down with the gang, no, then it ain't no love
