

# Until You

Shayne Ward

Baby, life was good to me  
But you just made it better  
I love the way you stand by me  
Through any kind of weather I don't wanna run away, just wanna make your day  
When you feel the world is on your shoulders  
I don't wanna make it worse, just wanna make us work  
Baby, tell me I will do whatever It feels like nobody ever knew me until you knew me  
Feels like nobody ever loved me until you loved me  
Feels like nobody ever touched me until you touched me  
Baby, nobody, nobody until you Baby, it just took one hit of you  
Now I'm addicted  
You never know what's missing  
Till you get everything you needed I don't wanna run away just wanna make your day  
When you feel the world is on your shoulders  
I don't wanna make it worse just wanna make us work  
Baby, tell me, I will do whatever It feels like nobody ever knew me until you knew me  
Feels like nobody ever loved me until you loved me  
Feels like nobody ever touched me until you touched me  
Baby, nobody, nobody until you See it was enough to know, if I ever let you go  
I would be no one  
'Cause I never thought I'd feel all the things you made me feel  
Wasn't looking for someone, oh, until you It feels like nobody ever knew me until you knew me  
Feels like nobody ever loved me until you loved me  
Feels like nobody ever touched me until you touched me  
Baby, nobody, nobody It feels like nobody ever knew me until you knew me  
Feels like nobody ever loved me until you loved me  
Feels like nobody ever touched me until you touched me  
Baby, nobody, nobody, nobody, nobody, until you
