

A Piano for My Voice

Weaselhead

Iâ€™m never going home
Iâ€™ve got to live in here day and night
Iâ€™m never going back again
they tell me that weâ€™ll all be all right

tonight
youâ€™ll be all right
Iâ€™ll take the fight
youâ€™ll be all right
youâ€™ll never have to care
youâ€™ll be all right
all through the night
donâ€™t ever worry you know that Iâ€™ll be there

they tried to break you down
I saw the signs but you stood your ground
and music took me far away
you always knew that I was meant to play

tonight
youâ€™ll be all right
Iâ€™ll take the fight
your piano is your voice
Iâ€™ll be all right
and when you sing
the hope you bring will be enough for me to know that I was there
