

# Redneck Side

Justin Moore

She takes me to a party  
Dressed up in city clothes  
Pretendin I'm somebody  
Everybody ought to know  
But once I get a cold beer in my hand  
There ain't no mistakin who I am

Chorus

I cant hide my redneck side  
Its in my blood till the day I die  
When I start havin a real good time  
Oh I cant hide my redneck side  
Went to meet her family  
For a weekend in the sun  
A big house on the ocean  
Ya we were really havin fun  
Till they caught me in the pool at 2 am

Wearin nuthin but a farmers tan

Chorus

I cant hide my redneck side  
Its in my blood till the day I die  
When I start havin a real good time  
Oh I cant hide my redneck side  
I like guitars in my music  
Muscle in my cars  
And I like girls that hang out in bars  
No one can change the way they are  
And I cant hide my redneck side  
Its in my blood till the day I die  
When I start havin a real good time  
No I cant hide my redneck side  
No I cant hide my red neck side  
I cant hide my red neck side  
Oh no
