

Armchair Travel

Thomas Giles

The compass drifts again
Stomach in knots I cant pretend
As life flies in the wind
A grain that wants to grow
I already miss you so
Chloe even said don't go
There's one thing you all should know
I truly love you so...
I truly love you so...

Even though I'm far
I am so close to you
Even though I'm gone
I'm right in front of you

Wrote this song for when I am gone
Comfort when the nights are long
Ill be back very soon
these seasons sure do go
I already miss you so
Chloe even said don't go
There's one thing you all should know
I truly love you so...
I truly love you so...

Even though I'm far
I am so close to you
Even though I'm gone
I'm right in front of you

Even though I'm far
I am so close to you
Even though I'm gone
I'm right in front of you
I'm right in front of you...

Even though I am far
I am so close to you
Even though I am gone

I am right in front of you

Even though I am far
I am so close to you
Even though I am gone
I am right in front of you

Even though I am far
I am so close to you
Even though I am gone
I am right in front of you...
