

Cut Dem

Skindred

It's all in a days work, nah dem nah go learn
Dems a mercenaries, das the way dem ah fe earn
Leave your family with pain, none of the can console
Is only judge of knowing when the truth will unfold
They leave meSuffocating
Hearts stop beating
Souls you're reaping
I'm left there bleedingCoz you got the handle and I know that, it's time to trade (Whoah)
You got the handle and I know that I'll feel the blade
Then you'll know
You'll feel it, sharper than a razors edge
I'll feel it, sharper than a razors edge
Life stolen, then you're just left for deadYou feel it's sharper than a blade, blade, blade, blade, blade, blade,
blade
Sharper than a blade, blade, blade, blade, blade, blade, bladeBlood it ah run and that's the wrong way to go
Cut down to the bone, sliced to the marrow
Watch them all fall down, man, like domino
The road to destruction is well wide you knowSuffocating
Hearts stop beating
Souls you're reaping
I'm left there bleedingCoz you got the handle and I know that, it's time to trade (Whoah)
You got the handle and I know that I'll feel the blade
Then you'll know
You'll feel it, sharper than a razors edge
I'll feel it, sharper than a razors edge
Life stolen, then you're just left for deadYou feel it's sharper than a....blade
Blade, blade, blade
Sharper than a.....blade (BLADE! BLADE!)
Blade, blade, bladeRAZOR...SHARPER THAN A RAZOR (SHARP) [X8]You got the handle and I know that,
it's time to trade (Whoah)
You got the handle and I know that I'll feel the blade
Then you'll know
You'll feel it, sharper than a razor...ah, ah, ah, ah, alright
I'll feel it, sharper than a razors edge
LIFE STOLEN, then you're just left for dead
You'll feel it, sharper than a.....blade
