

# Vegas Girl

## Chart Hitters 2012

That there, let me break it off  
All the pressure that you got, let me take it off  
I swear, we're gonna make it hot  
Put your hands in the air, don't stop  
I'll knock you down like you're Keri  
Forget your name like Rihanna  
You can run the world, Queen B  
Be unthinkable, Alicia  
We can go so far if she let go  
And I ain't gonna leave without her  
[Chorus:] This is for the girl that get down low  
The whole club wanna see you go  
Ey, shake, shake like you're famous, girl  
Head back, lay it down like a vegas girl  
Bass coming down so hard  
That little dress breaking every heart  
Ey, shake, shake like you're famous, girl  
Head back, lay it down like a vegas girl  
Like a vegas girl  
Roll the dice, I've got your number  
Hit the jackpot underneath the cover  
Intoxicated, you're like a drug, girl  
Grab a glass, girl rain tequila  
I'll knock you down like you're Keri  
Forget your name like Rihanna  
  
You can run the world, Queen B  
Be unthinkable, Alicia  
We can go so far if she let go  
And I ain't gonna leave without her  
[Chorus:] This is for the girl that get down low  
The whole club wanna see you go  
Ey, shake, shake like you're famous, girl  
Head back, lay it down like a vegas girl  
Bass coming out so hard  
That little dress breaking every heart  
Ey, shake, shake like you're famous, girl  
Head back, lay it down like a vegas girl  
Like a vegas girl

It feels so right every night  
Like you're in vegas, girl  
(Like a vegas girl) in vegas, girl x4  
[Chorus:] This is for the girl that get down low  
The whole club wanna see you go  
Ey, shake, shake like you're famous, girl  
Head back, lay it down like a vegas girl  
Bass coming down so hard  
That little dress breaking every heart  
Ey, shake, shake like you're famous, girl  
Head back, lay it down like a vegas girl
