

Mind Control

Boymerang

Yeah, yeah, yeah, now tell you what

It's mind control, mind control

Corruption of your thoughts, yeah

Destruction of your soul

Mind control, it's mind control

Corruption of your thoughts, yeah

Destruction of your soul

Don't let them mold your mind

They wanna control mankind

Seems like their only intention

Is to exploit the earth, yeah

And you trust in their deceit

Your mind causes your defeat

And so you become an invention

To distort this earth

Propaganda and lies

Is a plague in our lives

How much more victimized

Before we realize? Hey

It's mind control, mind control

Corruption of your thoughts, yeah

Destruction of your soul

Mind control, it's mind control

Corruption of your thoughts, yeah

Destruction of your soul

Ooh, Grandmaster

Let the people go

You put them in total confusion

To downs-troy their soul

For they practice what You preach

So they're always in Your reach

Hi-tech slavery in these days

It's mind control

They'll make it attractive to get man distracted

Corrupting your soul, polluting your soul

Destroying your soul, mind control

Mind control

Corruption of your thoughts, yeah

Destruction of your soul
Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul
Yeah, yeah, yeah
Come on and get it together, brother man
What, what you say?
It's mind control, mind control
Corruption of your thoughts
Yeah, yeah, destruction of your soul
Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul
(The truth is there for us to see)
It's mind control
Corruption of your thoughts, yeah
Destruction of your soul
(The truth is there for us to see)
It's mind control
Corruption of your thoughts, yeah
Destruction of your soul
(The truth is there for us to see, the truth is there for us to see)
