

# Which Side Are You On

Ani DiFranco

They stole a few elections  
Still we the people won  
We voted out corruption and  
Big corporations We voted for an end to war  
New direction  
We ain't gonna stop now  
Until our job is done Come on all good workers  
This year is our time  
Now there some folks in Washington  
Who cares what's on our minds Come one-come all voters  
Let's all vote next time  
Show 'em which side are you on now  
Which side are you on?  
Which side are you on now?  
Which side are you on?  
Which side are you on now?  
Which side are you on? Which side are you on now?  
Which side are you on?  
Which side are you on now?  
Which side are you on? 30 years of diggin'  
Got us in this hole  
The curse of reaganomics  
Has finally taken it's toll Lord knows the free market  
Is anything but free  
It costs dearly to the planet  
And the likes of you and me  
I don't need those money lenders  
Suckin' on my tit  
A little socialism  
Don't scare me one bit! We could do a whole lot worse  
Than Europe or Canada  
C'mon Mr. President  
C'mon Congress, make the law Which side are you on now?  
Which side are you on?  
Which side are you on now?  
Which side are you on? They say in Orleans parish  
There are no neutrals there  
There's just too much misery  
There's too much despair America, who are we?

Now our innocence is gone  
Which side are you on now?  
Which side are you on? Too many stories written  
Out in black and white  
C'mon people of privilege  
It's time to join the fight Are we living in the shadow of slavery  
Or are we moving on?  
Tell me which side are you on now?  
Which side are you on? Which side are you on, boys?  
Which side are you on?  
Which side are you on, boys?  
Which side are you on? Which side are you on, boys?  
Which side are you on?  
Which side are you on now?  
Which side are you on? My mother was a feminist  
She taught me to see  
That the road to ruin is paved  
With patriarchy So, let the way of the women  
Guide democracy  
From plunder and pollution  
Let mother earth be free Feminism ain't about women  
No, that's not who it is for  
It's about a shifting consciousness  
That'll bring an end to war So listen up, you fathers  
Listen up, you sons  
Which side are you on now?  
Which side are you on? Which side are you on now?  
Which side are you on?  
Which side are you on now?  
Which side are you on? So are we just consumers  
Or are we citizens?  
Are we gonna make more garbage  
Or are we gonna make amends? Are you part of the solution  
Or are you part of the con?  
Which side are you on now?  
Which side are you on?
