Don't Let Me Down

Phoebe Snow

Dont let me down, dont let me down
Dont let me down, dont let me downNobody ever loved me like he loved me
Yes, he loved me, yes, he did
And if somebody ever really loved me
Like he loved me then they didDont let me down, dont let me down
Dont let me down, dont let me downIm in love for the first time
Dont you know its gonna last
Its a love that lasts forever
Its a love that has no pastDont let me down, dont let me down
Dont let me down, dont let me downAnd from the first time that he really done me
Well, he done me, he done me good
I guess nobody ever really done me
Like he done me, he done me goodDont let me down, dont let me down
Dont let me down, dont let me downDont let me down, dont let me down
Dont let me down, dont let me downDont let me down, dont let me down
Dont let me down, dont let me down
