

Call Me Master

Blood On the Dance Floor

(Jayy Von Monroe - Verse 1)

Tonight

Our bodies getting intertwined
It's fucking filthy feeding off the blood inside
Dried out

Veins and no more pain
Let me know the place and I'll take you away

Tonight

We're not gonna hold back
Make way for the freaks giving everybody heart attacks

What you need

Is just a little discipline

And I got a heavy dose of the right medicine(Dahvie Vanity - Verse 2)

I'm dominant by definition

I'm turned on by your submission

The dark side is how we've been living

Let me show you what you've been missing(Jayy Von Monroe - Chorus)

You-you-you are, you are my slave

My little fucking disaster

I-I-I am, I am your god

Call me, call me, call me your master(Dahvie Vanity - Verse 3)

Tonight

We're a living dead

I lure you to my bed the happy ending is

Your flesh

Under my nails

No more fears and no more tears

You are

My murder doll

and this is love at first bite bind you in a rope tight

What you need

is just a little discipline

And I got a heavy dose of the right medicine

(Jayy Von Monroe)

The dark side is how we've been living

Let me show you what you've been missing(Jayy Von Monroe - Chorus)

You-you-you are, you are my slave

My little fucking disaster

I-I-I am, I am your god

Call me, call me, call me your master(Dahvie Vanity - Verse 3)

Dominant by definition

So turned on by your submission

Master of this fucking game

I make you wanna scream my name

Take it off girl strip it with no shame

I'm a thirsty animal that cannot be tamed

Latex, chains and whips make me hard and excite me

Come on, throw your hands up and pretend you wanna fight me(Dahvie Vanity - Verse 4)
