

# Us vs. Them

## Sick of It All

All roads lead the same direction  
We all see eye to eye  
Won't stand for a bad connection  
We came to keep things tight Prove this, prove that  
Proving is nothing  
Let's all just be ourselves  
Focused with the right aggression Turn to each other for help  
People merge on state of mind from all  
Different walks of life  
Don't need any more stupid division  
Don't need to feel uptight Brother - I'll always look out for you  
If I feel it back  
Sister - we'll brave the outside world  
Off the beaten track  
When it's us vs. them  
You can always count on me When it's us vs. them  
It's a global unity Open the extended family  
The family is growing fast  
Friendship will transcend the borders  
The world is shrinking fast Cities merge on state of mind  
There's nothing wrong with that  
Don't need any more stupid division  
Don't fall for their trap Brother - I'll always look out for you  
If I feel it back  
Sister - we'll brave the outside world  
Off the beaten track  
When it's us vs. them  
You can always count on me When it's us vs. them  
It's a global unity
