

# Deadlock

## Annihilator

We face our extinction day after day  
Oblivious to what we'll become  
Persist to exist in our pathetic ways  
Nothing to show when it's done We take what they give  
Complacency/the masses content to consume  
The idiots are breeding twenty to one  
Ensuring our future is doomed We had it all and we pissed it away  
Ignoring the signs in our face  
Marching and fighting and drinking all day  
Intelligence left in disgrace Deadlock - Mediocracy - Deadlock  
Deadlock - Hypocrisy - Deadlock Standing in line for the latest release  
An upgrade to shit we don't need  
A fistful of cash and a smile on your face  
A wallet just dying to bleed Take all your money and throw it away  
Flush all your work down the drain  
Lambs to the slaughter with nothing to say  
To see how your life was in vain The hits start coming and they don't stop coming  
One step further and you won't stop running  
Lets get comfy in the hole we're digging  
The graveyards' running out of room We face our extinction day after day  
The masses contend to consume  
The fat of the land is all wasting away  
The future of life here is doomed We had it all and we pissed it away  
Ignored all the signs in our face  
Lambs to the slaughter with nothing to say  
Condemning the fate of our race
