Up All Night

Hinder

Saw a waitress, couldn't waste it
Opportunity knocks and you take it
Went to my place, gotta get a taste
Couple shots at the bar we were wasted
Now she's all in, the room is spinning
Probably shouldn't have shot that Jameson
Here we go again, she's a perfect 10
Just tell me how it was in the morning
The night's far from over and I'm far from sober
But she's looking fine
We're gonna be up all night, gonna take you for a ride
Yeah, we're gonna be up all night, get it on till the morning light
Yeah, we're gonna be up all night doing things a devil might
So far from sober that I'll have to slam through my hangover
Hey, going all night
Hey
Had my attention when she walked in
Turning heads with a tiny skirt and sexy grin
She's a proud one, say the more fun
I'll let you know when the sexy dirty deed is done
The night's far from over and I'm far from sober
But she's looking fine
We're gonna be up all night, gonna take you for a ride
Yeah, we're gonna be up all night, get it on till the morning light
Yeah, we're gonna be up all night doing things a devil might
So far from sober that I'll have to slam through my hangover
Yeah, yeah, yeah, yeah
Oh yeah, up all night
Yeah, yeah, yeah, yeah
Oh yeah, up all night
We're gonna be up all night, gonna take you for a ride
Hey, we're gonna be up all night, get it on till the morning light
Hey, we're gonna be up all night doing things a devil might
So far from sober that I'll have to slam through my hangover
We're gonna be up all night, gonna take you for a ride
Yeah, we're gonna be up all night, get it on till the morning light
Yeah, we're gonna be up all night doing things a devil might
We're gonna be up all night, we're gonna be up all night
We're gonna be up all night, we're gonna be up all night

We're gonna be up all night, all night, all night
