Scar Spangled Banner

Exodus

[Music & Lyrics (G. Holt)]Oh say can you fucking see
The missiles fall like rain
Bloody mountains majestyBy the bombing's eerie light
Dead bodies on the plain
See the crimsons waves of red
What so proudly they all fell
The twilight of the dead[Chorus:]
America - the violent
The indifferentGod shit is grace on me
America - the arrogant
The belligerentWill live in infamy
We the people, for no people
Secure the blessings of tragedy
Do or dain we have enstablishedThe scar spangled banner[Solo - G. Holt]We pledge allegiance to no god
Only to the blood
Liberty is just a dreamWhen dying in the mud
This, the land of the deceived, home of the depraved
Bombs, they drop like falling leaves
And the deadly flag still waves[Repeat Chorus]Red - the beautiful color of blood
Flowing like a stream
White - the color of bleaching bone
Lovely and obscene
Blue - the bruising color of fleshBattered, ripped and torn
The colors of the flag of hate
Of violence and pornWhat you see is what you get
You haven't see the bloody trail yetI'm no patriot, just a hate-triotBlood sport, my sure bet
See the flag, get a body bag
Salvation form a .44 mag.
Nothing left, no one saved
Cause our goddamn motherfucking bloody assBanner still waves[Solo R. Hunolt]
