Coyotes

Soundtrack

I'm sippin' coffee at a quarter to two
I wake and I'm dialin' and my mind's runnin' to you
No wonder I'm a one woman man
She keeps my heart in a jar on the nightstandI should tell her that she couldn't be more
Opposite than a foot in the door
There's no one else I would rather go out with
That's hell when I see them standin' thereMe and my mouth, we don't mean to be rushin'
We talk about thee freely 'cos we crushin'
I wanna shake both sides of the butt, yeah
Theoretically yes, ain't we luckyAnd when the coyotes, they sing in the park
It's when the city lights start fallin' for the sea
While them roads are windin' down
And the flying men'll hit the ground
Every motion is close to the touch
And the coyotes sing when they call on your lovin'Hello, we're comin' back for more
You know why we're comin' for you
You know we should be, we should be together
'Cause once we rock, we won't wanna stop
Not today or tomorrowAnd not today or tomorrow, oh no
You better lock your doors
You know why, 'cause we want you
'Cause we like you a lotI wish the world was a lot like you
I wish the wind would blow me me through
Another opportunity to approach you
Another telepathic rendezvousI wish you well with your weapon of jargon
You got a double sided lexicon
I gotta try to keep your attention
Gotta write usin' less emoticonsI gotta figure out the snooze alarm
I wanna lay in your place till dark
I wanna play in the park, come on
Now let me see your other upper echelonAnd when the coyotes escape to New York
Then the city life has crumbled to the sea
And the girls, all fall to the lost and found
The flying men'll hit the ground
Every motion is closer to touching the coyotes sing
When they taste on your lovin'I'm a coyote and I got a taste for your lovin'
We're comin' back for more
You know why we're comin' for you
You know we should be, we should be togetherBecause once we rock, we won't wanna stop

Not today or tomorrow, not today or tomorrow, oh no
Because once we rock, we won't wanna stop
Not today or tomorrowWe're comin' back for more
You know why we're comin' for you
You know we should be, we should be together
'Cause once we rock, we won't wanna stop
Not today or tomorrow
