Nothing Without Her

Advisory - the following lyrics contain explicit language:

So they say, she's a bad girl
Some say she's a bitch, she's a liar
Fuckin' with her is like playin' with fire
So I'll say, hey, that's my girl
And I'ma be the one that's gon' make her better
And you can always see the two of us together'Cause when I'm goin' through some things
I know that she's my daylight
In the middle of the darkness
I can see things clearly
Because she's near me, yeahAin't no way I'm lettin' her go
See I've been warned by everyone around me
She gon' be the death of me, oh yeah
But ain't no way I'm lettin' her go, no
See all the money in this world don't mean
Nothin' without her, nothin' without her, yeahSo they say, she's a problem
It ain't nothin' 'cause I'm known to be a solver
And I ain't worried about what other people call her
So I'll say, I tamed the wild one
I ain't sayin' I can make nobody perfect
But I can really see what's underneath the surface'Cause when I look deep in her eyes
I see there's love inside
I wanna be the one to show her
That I'm truly devoted
She's gonna know it, yeah soAin't no way I'm lettin' her go
See I've been warned by everyone around me
She gon' be the death of me, oh yeah
But ain't no way I'm lettin' her go, no
See all the money in this world don't mean
Nothin' without her, nothin' without her, yeahLet me be the reason, baby, let me be the cause
Let me the only one you let up in your heart
Let me be the picture, sittin' in your frame
Let me be your lover, I'll let you be the sameLet me be the reason, baby, let me be the cause

Let me the only one you let up in your heart
Let me be the picture, sittin' in your frame
Let me be your lover, I'll let you be the sameAin't no way I'm lettin' her go
See I've been warned by everyone around me
She gon' be the death of me, oh yeah
But ain't no way I'm lettin' her go, no
See all the money in this world don't mean
Nothin' without her, nothin' without her, yeah
