

# Antibody

## Napalm Death

Showering with your respect  
Luring all with trinkets  
Benefits are in effect Take time to reflect  
on all true commitments  
Now the big-noise reject Communication breakdown  
You shrug off the resolve  
Riddled with the cancer  
How does your life revolve ? Loser of integrity  
Antibody gives new release  
Relieves the pain of being sincere  
Important to maintain the ties  
Mentor in the public's eye  
Scandal could expose the lie A shadow of your former self  
reaping the rewards  
no scam too outrageous  
when there's more  
to be fought for Poisonous snake with a persuasive gaze  
Predatory guru with promises of gain  
His antibody is a painless extraction  
of all the principles he once stood fast On
