

# Let It Go

## Warrant

I can't get up the nerve to call you  
But I want to call so bad  
To find out, who's holding on to  
The most beautiful thing I ever hadBabe I guess I never really took the time  
To show how much I care[Chorus:]  
Let it rain (rain)  
Let it rain down on me  
Hide these tears I'm crying  
So no one can see  
That I'm still not over you  
But if you're over me  
Let it rain (rain)  
Let it rain down on meWe used to lay together like spoons  
It was the only way I could sleep  
And this pillow is a poor substitute  
For your body next to meI reach to pull you closer  
And remember you're not there[Chorus]The rain is not so bad after all  
It camouflages every tear that falls  
It cleanses me of all the blame  
I've put upon myself  
I hear you're married now  
Well I hope he treats you well  
Oh let it rain[Chorus]I can't get up the nerve to call you
