

# Goodtimes Together

## Cecilio & Kapon

its been a good time together. Lookin' for the warmth from the sun, gonna be a long time together, and the best is yet to come.

I remember the beginning, we were younger then. Used to play the scene we've both written. that was then and now our moments come again. Do we throw it all away is this the end?

Chorus: Cuz' its been a good time together, im lookin for the warmth of the sun. Gonna be a long time together, and the best is yet to come.

We hav seen the ones that could not make the grade. Hidin' broken hearts livin the mascarade. If its magic that've we had, lets not be afraid to sing our song of love that we have already made

Chorus:Cuz' its been a good time together, lookin for the warmth of the sun, gonna be a long time together, and the best is yet to come.

(INTERLUDE)

So here we are together, in tomorrows dream, strike up the band and play that old familiar beat. and take the love of fire, and lead the way. your summer lady by your side, dont let her slip away.

Chorus:Cuz its been a good time together, lookin for the warmth of the sun. Gonna be a long time together, and the best is yet to come

Its been a good time together \*11  
and the best is yet to come
