Classic Fantastic

Fun Lovin' Criminals

Live from the studio here in New York
Bubbly gettin' cold pop the cork
We gonna take this party straight cross town
Show 'em how the Criminals get down

Yo Fist
Yo you got it where you knot it put the crack pipe down
It's been a while since I been around town
Y'all gettin' fat since Carlito went away
Hey yeah I reloaded ok?

Thinkin' of you
And all the things that you do
Yeah I'm thinkin' of you
Hell yeah that's true

So sway with the love that you've got in the heart
And apart from being light to the spark
It's dark, and the bad men will play games
Talkin' tough droppin' name games
Player that's a shame

Then the other day punk tried to
Blow up the spot but he was stopped
Like show 'em whatcha got stopped
Take it easy yeah this ain't China, how are ya?
I got Frank like Oscar Mayer, inspire ya
Make you jump and shout, yes it's out
The Criminals don't let you down
Poop scoopin', Mott the Hooplin'
I take the hip hop back to school and put the blues in
Now we cruisin', body movin,
Yeah we provin' the only sue I know is Susan

Thinkin' of you
And all the things that you do
Yeah I'm thinkin' of you
Hell yeah that's true

Now don't over play your hand, lay in the cut

Mix it up, stay tough, actin' hard aint enough
You use your head, diversify your bonds
Sing it like a song, hit it like a bong
Gone are the days but the dawn is on its way
And if you stay in the game nothin' gets in your way
Tenacity, guts or what have you
Do they give you 'nuff respect up on the avenue?
Do they speak your name out?, what?
Stuck in a rut, but
I'm the one that knows what you about
Yes you radiate heat; you put the boom in the beat
You're the dream I wanna dream when I'm asleep, yeah
Far no chicken, no chicken no way
Shuffle in your pizzle, repeat all day
Some say the underdogs are on their way
Man we're here and y'all pressed play
The times need us, they come between us
Proppin' up Judas like Jesus to please us, please

Thinkin' of you
And all the things that you do
Yeah I'm thinkin' of you
Hell yeah that's true

Thinkin' of you
Thinkin' of you
Thinkin' of you
Thinkin' of you

Thinkin' of you
And all the things that you do
Yeah I'm thinkin' of you
Hell yeah that's true

Thinkin' of you
And all the things that you do
Yeah I'm thinkin' of you
Hell yeah that's true

Thinkin' of you
Thinkin' of you
Thinkin' of you

When I think of you, the moon is in my eyes
And it's no surprise, that my love is true
And just the thought of you

Brings the sun at night
And the stars are bright like I shine for you
Thinkin' of you
Thinkin' of you
Thinkin' of you
Thinkin' of you
