

Sugar Lump

[John Martyn](#)

Get down, mama, to my sugar cube
Get down mama, won't you try to make it move
My sugar cube, my sugar cube
Come on, mama, try to lose your mind
Get down, spent some time on my sugar cube Gonna sweeten your night
And gonna sweeten your day
So much sweeter, you're just going to be amazed
At my sugar cube, my sugar cube
Get down, mama, won't you lose your mind
Won't you please get down
And try to lose your mind, on my sugar cube I don't wish civil shit
I don't care to boast
You know that love is from coast to coast
My sugar cube, my little sugar cube
Come on, mama, won't you lose your mind
Get down and waste some time on my sugar cube Get down, mama, on my sugar cube
Please get down, won't you try to make it move
My sugar cube, my sugar cube
Come on, mama, won't you lose your mind
Won't you please get down and try to spend some time
On my sugar cube
