Save me (Live in Sao Paolo 2006)

Edguy

Waiting for a little sign
Seems like to no avail
Strolling down the pavement aimlesslyWaiting for someone to snatch her bag of memories
How come you call it destiny?
When the cross you bear's your only companyNever seen you, I don't even know you're name
But still I believeThat you are gonna save me
Somehow I got a notion
Just a little affection on this cold and windy road
Save me, from a state of un-emotion
Just a little affection on this windy roadWhy so long? so confusing?
Why's growing up hurt so bad?
Seek what we had lost, we get found and go again
I don't know what's gone to me
I won't make any promise I believeNever seen you, I don't even know you're name
But still I believeThat you are gonna save me
Somehow I got a notion
Just a little affection on this cold and windy road
Save me, from a state of un-emotion
Just a little affection on this windy roadI don't know if I can, I don't know if I should
I don't know what is right, and what's to come if you would
Here I stand in rain, here in stand in the cold
I been locked into (something), another shout in my soul, noI'm afraid of that harmSave, save me, got a notion
That you are gonna save me
Somehow I got a notion
Just a little affection on this cold and windy road
Save me, from a state of un-emotion
Just a little affection on this windy road
