

Girls in Black

Airbourne

In the smoke and the red
Workin' the late night sweat
You're the one to go to
When I wanna forget Like hangin' off the moon
I don't wanna come down
Yeah, you get me so high
It's hell on the ground Just one little glass
Makes the night go fast
And you can have what you want
If you pay the girl cash I said, girls
Girls in black
Ooh, I said, girls
Girls in black, ooh yeah You're the hot bright neon
In the cold dark night
When I'm feelin' down
You make me feel so right Yeah, your bait comes free
But your hooks cut deep
Ooh, you make the bad boys smile
And you make the good boys weep Just one little glass
Makes the night go fast
And you can have what you want
If you pay the girl cash I said, girls
Girls in black
Ooh, I said, girls
Girls in black Ooh, I said, girls
Girls in black
Ooh, I said, girls
Girls in black, oh yeah Ooh yeah, just one little glass
Makes the night go fast
Ooh, you can have what you want
If you pay the girl cash I said, girls
Girls in black
Ooh, I said, girls
Girls in black Ooh, I said, girls
Girls in black
Ooh, I said, girls
Girls in black, oh yeah
