

The Easy Way

Old 97's

One buck in the jukebox gets you two
I wouldn't pick track nine if I was you
The easy way gets harder all the time

Yeah, the easy way gets harder all the timeBig D Little AKA The City of Hate

Deep in the big black heart of the 'lone star state

If you are a good ol' boy they're gonna do you fine

Yeah, the easy way gets harder all the timeSpeaking of love

Speaking of loveTwo time, shame on you exponentially

Fool me again and baby you can say shame on me

How can I love you when you won't be mine

The easy way gets harder all the timeSpeaking of loveWhat will you do when this is done

Will you run, will you stay, meet me at the easy way

How can I love you when you won't be mine

Yeah The easy way gets harder all the time

Time, time, timeAnd the love you give, is enough to sway, this old heart to live

Meet me at the easy way, meet me in your room

Meet me in your car, meet me on the moon

What would you do if I told you I loved you?

What would you do if I told you I loved you?Speaking of love

Speaking of love
