

What About Love

Faithless

Come on
Come on
Come on I know you so intimately
Anger and misery
The reason for my hearts fragility
How will it be
If you simply set me free Restore my ability
To hold my head high
To speak only truth
Where I used to lie
Goodbye to the enemy
It's been too long
Come on What about love?
What about love?
What about love?
What about love?
What about love? I know you so intimately
Your heady sensuality
The reason for my hearts fragility
How will it be
If you simply come back to me Restore my stability
Take your fill of me
Finally in step like the military
And just as strong
And it's been so long
Come on What about love?
What about love?
What about love?
What about love?
What about love?
What about love?
