

# Slow

## Grouplove

Time moves slow  
Time moves slow  
Time moves slow But its you who brought me here  
You, through all these years Time moves slow  
Time moves slow But its you who brought me here  
Its you and all your cheers  
You who brings a fear  
You, through all these years Time moves slow  
Time moves slow  
Time moves slow  
Time moves slow
