

Symphony Of Life

Avantasia

Tonight, tonight, tonight
Heal me, heal me Yes in the darkness of the night
I know there's someone near me
I can't explain but it's all right
As long as this won't leave me I give to you my sacrifice
My virgin creed, my passion
I'm torn in two but all my life, my life
My life I'll wait for you To near me
And reveal me Rush tonight
We play the darkest of all symphonies
And in a flash of light
Then it'll all become the symphony of life
Of life, my life Heal me And in the deepness of my dreams
I know it's you that haunts me
In blood I swear my purity
And save my treasures for you I give to you my sacrifice
And lay my burden down
Am I deranged that all my life, my life
My life I wait for you? To cease me
And release me Rush tonight
We play the darkest of all symphonies
And in a flash of light
Then it'll all become the symphony of life
Of life, my life You haunt me, chase me like a beast
And with a taste so bittersweet
You love me, grieve me till I'm mad
Now is the moment
