## **Symphony Of Life**

## **Avantasia**

Tonight, tonight, tonight Heal me, heal meYes in the darkness of the night I know there's someone near me I can't explain but it's all right As long as this won't leave meI give to you my sacrifice My virgin creed, my passion I'm torn in two but all my life, my life My life I'll wait for youTo near me And reveal meRush tonight We play the darkest of all symphonies And in a flash of light Then it'll all become the symphony of life Of life, my lifeHeal meAnd in the deepness of my dreams I know it's you that haunts me In blood I swear my purity And save my treasures for youI give to you my sacrifice And lay my burden down Am I deranged that all my life, my life My life I wait for you?To cease me And release meRush tonight We play the darkest of all symphonies And in a flash of light Then it'll all become the symphony of life Of life, my lifeYou haunt me, chase me like a beast And with a taste so bittersweet You love me, grieve me till I'm mad Now is the moment
