

Float Away

Youngstown

Ohh

Oh yeah

Baby

OhhBreathhtaking, you're making me so happy

When you kiss my lips tell me that you love only me

Over and over, baby, you're all I dream

Let me show you what I meanBaby, your love lifts me off the ground

So kiss me one more time and watch me

Float away, float away

'Cause your loving makes me high, I float awayMy love, when I think of you my head gets light

And girl, when you smile at me my heart takes flightAcross the stars we meet, there's no place I'd rather be

Than right here with you next to meBaby, your love lifts me off the ground

So kiss me one more time and watch me

Float away, float away

'Cause your loving makes me high, I float awayNo star is quite as bright as the twinkle in your eye

Come fly with me tonight, we'll meet up in the sky

Baby, love has wings

For you and me, awayBaby, your love lifts me off the ground

So kiss me one more time and watch me

Float away, float away

'Cause your loving makes me high, I float awayBaby, your love lifts me off the ground

So kiss me one more time and watch me

Float away, float away

'Cause your loving makes me high, I float away
